

Starlit Improvisation

Create your own “starlit” music!

1. Depress the **damper pedal** and play these notes up and down several times to become familiar with the sound.

Gently, smoothly

2. Now *listen* to your teacher play the accompaniment, feeling the mood.
3. When ready, improvise a melody using the notes above *in any order*.
Hint: Try repeated notes, l-o-n-g notes, and notes played together!
4. To end, the duet will slow down. Finish by softly playing all the notes together.

Teacher Duet: (Student plays 2 octaves higher, and the teacher pedals)
